

Roza dent jel

Teething gel

Description:

Baby Rose Gel features a unique formulation designed to help soothe the gums of infants and young children during teething. Its carefully selected ingredients moisturize and calm the oral mucosa. The gel possesses strong anti-inflammatory properties that help relieve gum irritation, reduce swelling, and naturally ease discomfort.

Ingredients:

Deionized Water, Clove Oil, Peppermint Oil, Strawberry Flavor, Polysorbate 20, Citric Acid, Carboxymethyl cellulose, Hydroxyethylcellulose, Potassium sorbate, Sodium benzoate, Glycerin, Saccharin sodium

Warnings:

- Do not use in children who are hypersensitive to any of the ingredients.

Side Effects:

- Discontinue use and consult a physician if any signs of an allergic reaction appear, such as rash or difficulty breathing.
- Do not use after the expiry date.

Directions for Use:

Suitable for infants and children from 5 months of age and above:

- Wash hands before and after applying the gel.
- Apply a pea-sized amount of gel to the affected area of the mouth using clean fingertips. Repeat after 3 hours if necessary.
- Do not use more than 6 times within 24 hours.
- Do not use for more than 7 days for teething pain relief. If symptoms persist, consult a pharmacist, physician, or dentist.

Storage:

- Store at room temperature below 25°C.
- Keep out of reach of children.
- Close the tube tightly after each use.
- For external use only.
- Do not use more than 3 months after opening.
- Outer carton contains an instruction leaflet and one tube containing 40 ml of gel.
