ROZANA

ROZACAN CREAM 2% - 5% - 10% 40mL

Description

ROZACAN Cream is a topical cream containing Lidocaine 2%, 5%, or 10%, formulated to provide fast and effective local anesthetic action, helping relieve pain and reduce discomfort in the targeted area.

Its formula is suitable for external use and helps soothe the skin, relieve superficial pain, itching, and burning sensations. It may also be used before or after minor skin procedures to enhance comfort.

Benefits
- Helps provide rapid relief from localized pain.
- Helps reduce skin itching and burning sensations.
- Helps soothe the skin before or after minor skin procedures.
- Enhances comfort in cases of superficial pain and discomfort.
- Smooth, creamy texture that spreads easily and absorbs quickly.

Ingredients

Lidocaine 2%, 5%, or 10%, Deionized Water, Propylene Glycol, Glycerin, Cetyl Alcohol, Cetearyl Alcohol, Glyceryl Stearate, Carbomer, Triethanolamine, Dimethicone, Phenoxyethanol, EDTA.

Directions for Use

For topical use only:
- Clean and dry the affected area thoroughly.
- Apply a thin layer of the cream to the desired area.
- Massage gently until absorbed.
- Leave on for 10–30 minutes, as needed, to achieve the desired effect.
- Apply once or twice daily, or as directed by a physician.

Warnings

- For external use only.
- Avoid contact with the eyes, mouth, and mucous membranes.
- Do not apply to open wounds or cracked skin unless directed by a physician.
- Do not use over large areas of the skin or for prolonged periods without medical advice.
- Discontinue use immediately and consult a physician if severe redness, rash, unusual burning, or any signs of an allergic reaction occur.
- Not suitable for children except under medical supervision.
- Do not use if you are allergic to Lidocaine.

Storage
- Store in a cool, dry place at a temperature not exceeding 25°C.
- Keep away from direct sunlight and heat sources.
- Keep out of the reach of children.
- Close the tube tightly after each use.
