

ROZANA

TOOTH KIDS 1-5 YEARS – 50 mL

Description

Roza Kids Toothpaste with Fruit Flavor is specially formulated for the daily care of children's teeth from 1 to 5 years of age.

It helps keep your child's teeth and mouth clean and contains 1000 ppm fluoride, which helps protect teeth from cavity-causing acids and helps strengthen tooth enamel.

The pleasant fruity flavor makes brushing more fun and enjoyable, encouraging children to develop good oral care habits from an early age.

Ingredients

Water, Hydrated Silica, Carboxymethyl Hydroxyethylcellulose (Cellulose Gum), Sodium Fluoride (1000 ppm Fluoride), Sorbitol Solution (70%), Sodium Saccharin, Glycerin, Fruit Flavor, Sodium Lauryl Sulfate, Phenoxyethanol, Potassium Sorbate, CI 42053 (Fast Green FCF).

Benefits & Features

Helps keep your child's teeth and mouth clean.

Contains fluoride that helps protect teeth from cavity-causing acids.

Helps strengthen tooth enamel.

Helps maintain good oral hygiene and healthy teeth.

Features a pleasant fruity flavor that makes brushing more enjoyable for children.

Encourages children to develop good tooth-brushing and oral care habits from an early age.

Suitable for daily use by children aged 1 to 5 years.

How to Use

Brush your child's teeth twice daily, in the morning and evening, using a soft, age-appropriate toothbrush under adult supervision, or as directed by a dentist.

For Children Aged 1 to Under 3 Years

Use a very small amount of toothpaste, no more than a smear the size of a grain of rice.

A parent or caregiver should brush the child's teeth.

Minimize swallowing of the toothpaste as much as possible.

For Children Aged 3 to 5 Years

Use a small amount of toothpaste, no more than a pea-sized amount.

Brush the teeth for approximately two minutes under adult supervision.

Teach the child to spit out the toothpaste after brushing and not to swallow it.

Avoid rinsing the mouth with large amounts of water after brushing.

Caution & Warnings

Do not swallow.

Children should use the product under adult supervision and assistance.

Do not use more toothpaste than the recommended amount for the child's age.

If the child is receiving fluoride from other sources, consult a dentist or doctor.

If a large amount of toothpaste is swallowed, seek medical advice or contact a poison control center.

If irritation or an allergic reaction occurs in the mouth or gums, discontinue use and consult a dentist or healthcare professional.

Do not use in case of known hypersensitivity to any of the ingredients.

Do not use the product if the tube is damaged, swollen, or leaking.

Keep out of reach of children except when used under adult supervision.

Storage

Store in a cool, dry place away from direct sunlight, heat, and moisture.

Store at a temperature below 25°C.

Keep the cap tightly closed after each use.
